Shefa

Name: John Patas

Island of Origin: Efate (Pango)

Province: Shefa

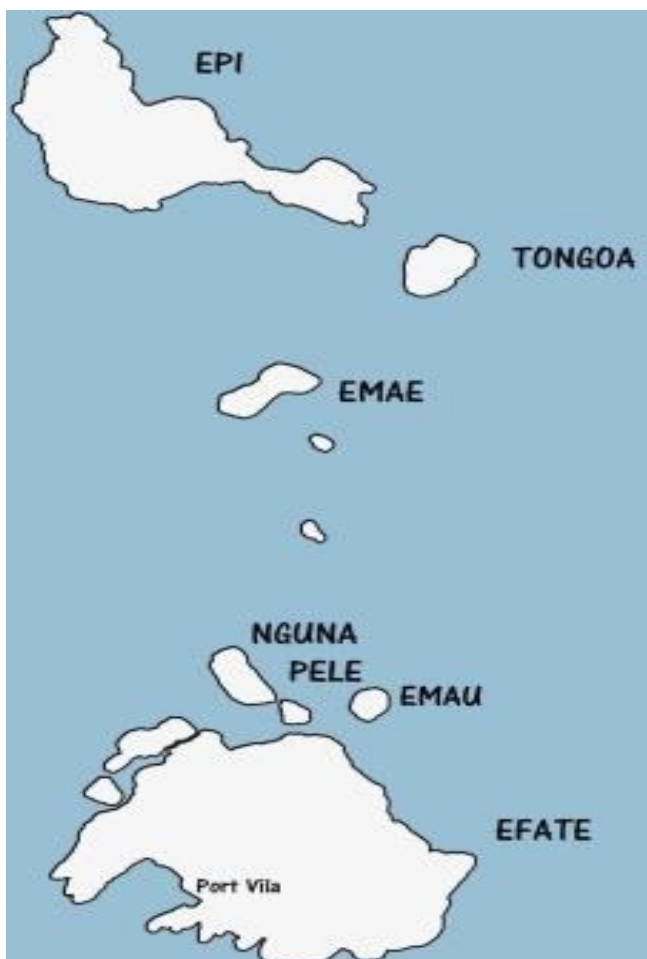

Position: Shefa Youth President

Greetings to you and to everyone who have the time to read this Youth directory. This directory is to give you information on the services that is available in our province.

On the 12th August 2013 at Rovo Bay Epi, I was elected to be the President of the Shefa Youth council, with my Executive members of the 6 Provinces and the 2 Municipalities. Shefa Youth Council has 19 Youth Council areas and 19 youth representatives.

The Councils office is at the Shefa Provincial Government Head-quarter at Port Vila.

More Youths migrate or urban drift to town and live in rural areas of the Shefa Province, mainly to find jobs or site seeing with more social issues arising

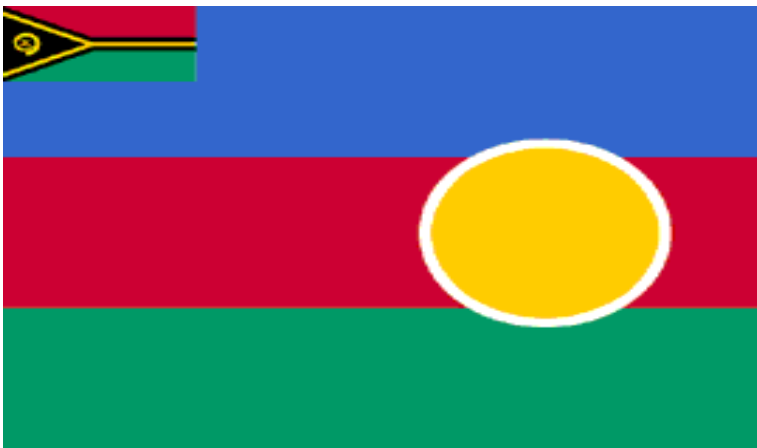

The aim of the Provincial council is to help youths to involve in educational programs concerning the issues youth encounter today.

BACKGROUND

Description of Shefa Province flag

The Shefa Province (former Districts of Epi, Tongoa-Shepherd and Efate) flag is a horizontal tricolour of blue-red-green, with the national flag (approximately one-sixth size along the hoist) in the canton. The fly a white-rimmed golden disk, extending into the blue and green stripes.

Background of Port Vila municipality

Shefa is a province of Vanuatu, including the islands of Epi and Efate and the Shepherd Islands. The name Shefa is derived from the initial letters of Shepherd and Efate. It has a population of 45,280 people and an area of 1,455 km². Its capital is Port Vila, which is also the capital of the nation.

The Shefa Provincial Council Headquarters are located in Port Vila; these humble offices house the political and administrative hub of the Shefa government. The representatives for Shefa Province number some 18 and are elected every two years, with the President, Vice President, 2nd Vice President, 3rd Vice President and Treasurer being nominated at that time.

There are approximately five languages, apart from the national language of Bislama, spoken over Shefa including the Ifira/Mele, South Efate, Nakanamanga of North Efate and outer Efate islands, Namakir of Tongoa and parts of Emae, and Emae language (a Polynesian outlier, in contrast to the other Melanesian languages). French and English are also spoken widely through the province.

BACKGROUND

Shefa Province is home to the Chief Roi Mata Domain located in Northwest Efate covering the area from Mangililui and Mangaas to Lelepa Island to Eretoka (Hat) Island. Chief Roi Mata Domain was inscribed as a UNESCO World Heritage Site in 2008. It is the first such site to be inscribed in Vanuatu and is a popular attraction for tourists. The legend of Roi Mata speaks of a mighty Chief who brought peace to Efate and its surrounding islands after years of clan fighting and warfare. Jealous of his status, the Chief's brother shot him with a poison dart. Chief Roi Mata succumbed to the poison within Fels Cave on Lelepa island. He was then interred on Eretoka. Many still-living men and women were buried alongside him. This oral history was passed down over 400 years until a French archaeologist confirmed the tale by excavating the burial site and found some 40 skeletons adorned with jewellery denoting high rank.

Shefa Economics

Shefa Province is the gateway for many tourists into other parts of Vanuatu. Underwater wonderlands, endangered aquatic species, lush bush, active volcanos, living culture make up the diverse landscapes and experiences that await the tourist to Shefa Province. Specific tourist attractions include the Mele-Maat Cascades, the world's first underwater post office off the shore of Hideaway Island, the Vanuatu Cultural Centre, and tours to Chief Roi Mata's Domain. Port Vila is noted for its many high-quality restaurants and international cuisine.

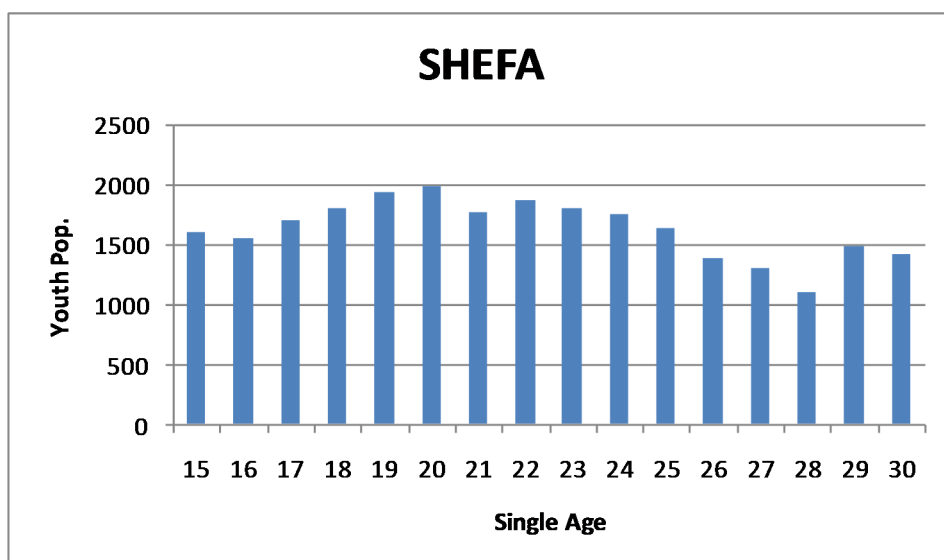

As the main industry of Shefa Province tourism and hospitality is gaining a lot of interest from ni-Vanuatu as a potential business, and there are plenty of bungalows located throughout the Province. The accommodation ranges from the flashy and boutique to the quaint and provincial to the rustic and island style and everything in between.

The market for Shefa tourism is currently honeymooners, cruise shippers and couples with the main draw cards for tourists being proximity to quality tourism infrastructure in Port Vila, Vanuatu culture, World War II history, and marine activities. With the wide and readily available bungalow market opening up there is increasing potential for backpacker tourism within Shefa Province, Vanuatu and the entire South Pacific.

BACKGROUND

Along with tourism and hospitality, subsistence agriculture and fishing are major economic activities. Hospitality venues include the many and increasing Kava bars, or 'nakamals', that are dotted around Port Vila and greater Shefa Province. Substantial financial boosts into communities generally come from land sales which in turn insights land disputes and displacement from traditional lands reducing the possibility for subsistence agriculture by some of the communities closer to Vila.

Shefa Youth Population

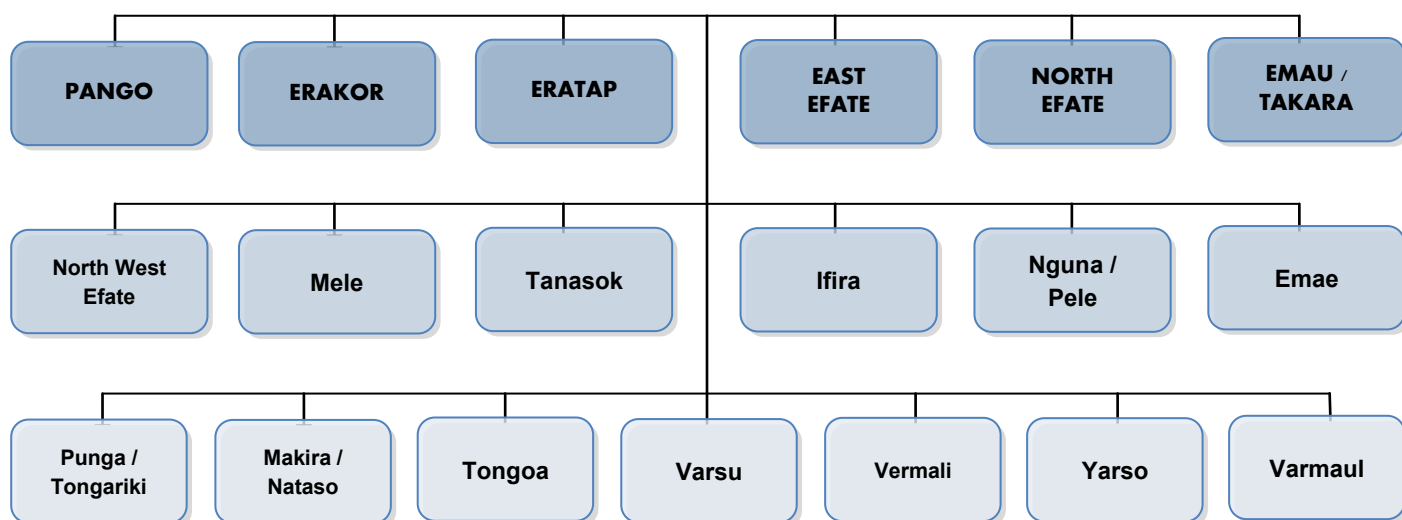

The total Youth Population of Shefa Province is 26047

Position:	Manager

Aims and purpose:

Shefa Rural Training Centres are a community based centre and we are registered training provider under Vanuatu National Training Council. These centres deliver training to young people who were primary and secondary drop outs that have no chance of further education.

Purpose: Delivering training to young people to strengthen and empower them to gain life skills and knowledge for a better tomorrow. Also to gain employment skills and to create their own income generating activities, as to improve the standard of living in the communities.

Programs & Activities:

Accredited Courses are:

Small Business Management

Tourism and Hospitality

Community Education

Automotive / Mechanic

(continued on the next page)

Vanuatu Rural and Training Centre (cont)

Short Courses are:

Agriculture
Health
Book Keeping
Chain saw mini mild
Painting and Screen printing
Computer

Other Activities are:

Sports
Health outreach Program
Religious outreach program

The accredited courses are for two years, graduating over 20 young people every year. New intake for each year is 30 students from Years 8 to Year 11. Application forms are available if you are interested to apply for any courses
